2. STAGE DESCRIPTION

Stage: Ammerquellen – Peiting

The cycle path starts at the **Ammer sources**. They are located in the **Ettaler Weidmoos** nature reserve **between Oberammergau and Ettal**. From there, follow the cycle path running along the banks of the Ammer river. After approximately 3 kilometers, you will reach **Oberammergau**. Passing the cemetery and the sports area, you will bike straight into the town of Oberammergau. In addition to the world-famous **Passion Theater**, with the largest open-air stage in the world with a covered auditorium, the town is also ideally suited for **hiking and mountain tours in the Ammergau Alps**, the largest nature reserve in Bavaria. The bike path runs, past the Passion Theater, out of Oberammergau, through the tranquil **Pulvermoos nature reserve** to **Unterammergau**. In Moosweg, turn onto Hofstadelstraße and follow it towards the train station, where you cross the B23 and after 200 meters on Pürschlingstraße, turn right into Scherenauer Straße.

Follow the bike path until you reach **Scherenau**. From here, you continue to **Altenau**. Coming out of Scherenau turn left into Alte Römerstraße and keep left until you turn into Wurmansauer Straße. On your left, you will pass the **Kochel-Filz nature reserve**, while on your right the village **Wurmansau** passes by. Cross the railroad via Obere Dorfstraße, pass the cemetery and follow the path until you reach Untermoggstraße. On this road, you leave Altenau and bike past the Lettenweide and cross the Ammer, which you do again after 2 kilometers. Along the Königsstraße you continue driving through the forest Ebenwald, through the beautiful natural landscape past **Hargenwies**.

Continue driving through nature. Follow the cycle path and leave **Schachen** and **Morgenbach** behind you. You will pass the **Schwaigsee** in the **Bichelbauernfilz nature reserve** and cross the Steingadener Straße. After 500 meters, you turn right and left after the next possibility. Turn left again and you will leave **Schönegg** in the direction of Engle, after which you will reach **Solder** on the Haldenbergstraße. Keep to the right and drive over Weihanger in the direction of **Rottenbuch**. Follow Raiffeisenstraße and cross under the B23. Now it goes over meadows and fields through the district Moos, where you now skilfully pass the B23 one more time. Along the B23, you leave **Vogelherd**, **Hochkreit** and **Kummengraben** behind you until you also leave **Ramsau** behind you after a small forest section.

Continue to **Peiting**. If you cross under Ammergauer Straße here, you will reach the Untereggstraße, via which you will reach the center of the village if you turn left. Peiting is considered to be a resort town with a variety of gastronomy. Here you can find the connection to the **long-distance cycle route “Romantische Straße”** in the direction of Füssen or Landsberg am Lech.

www.ammer-amper-radweg.com

Stage: Peiting – Dießen

You leave **Peiting** and bike through the beautiful forest and moor area **Schnalz**. Continue in the direction of **Peißenberg** along the banks of the river Ammer. Passing the district Obere Au, leaving Böblingerstraße and turning right to get back to the bank of the river Ammer. Via Scheithaufenstraße you have the possibility to reach the center of Peißenberg, otherwise continue on the cycle path along the river Ammer in the direction of Polling, where it is essential to make a stop at the STOA 169 pillared hall before reaching the monastery village! Turn left and drive across the Tiefenbach. Follow Weilheimerstraße until you turn right after approximately 150 meters and reach **Prälatenweg**, which leads you directly into the center of Weilheim. Stay on Prälatenweg until you have left the sports facility behind you. After another 150 meters, you will get to Oberer Graben Straße, where you turn left and reach the Theaterplatz via Theatergasse. After passing Unterer Graben Straße you reach Kormannstraße. At the end of this road, turn left onto Schwaigstraße and then immediately right onto Badeweg, which will take you over the train tracks and onto the banks of the Ammer river.

As a historic district town, **Weilheim** offers an inviting pedestrian zone and forms the center of **Pfaffenwinkel**. The interesting town and art history is shown in the town museum in the old town hall. You continue along the tranquil banks of the Ammer out of Weilheim and past the Oberer Ammerhof. Here you turn left into Raistinger Straße and follow it until turning right in the direction of the bird sanctuary in Unterer Ammerhof.

Turn left at the next possibility and drive about 3 kilometers on a field path into the wide meadows of the Ampermoos in the direction of Ertlmühle. Shortly right before the railroad underpass, turn right into Raistinger Straße, which takes you along the Jägerallee. Pass the sports facility and turn right into Jahnstraße and shortly after turn left towards the shore of the **Ammersee**.

Follow the Seestraße and enjoy the promenade, look forward to a town for everyone. **Dießen** is not only a crystallization point for contemporary art, it also offers a variety of sports and leisure activities. Furthermore, there is the possibility to visit one of **the most magnificent baroque churches in southern Germany**, the **Marienmünster**.

www.ammer-amper-radweg.com

Stage: Dießen – Fürstenfeldbruck

Leaving Seestraße, continue on the right side of the train tracks via Unterer-Albaner-Weg onto Sankt-Alban-Straße, passing the monastery and on the right side onto Seeweg-Süd. Follow this until it leads towards Seeweg-Nord in Riederau. You now cross the Seeholz nature reserve and Seewiese with breathtaking views onto the lake Ammersee. Continue to the right of the railroad on Seeholzstraße, passing **Holzhausen**, until you reach **Utting** via Eduard-Thöny-Straße. At the station square, turn right into Seestraße. Continue driving along the shore of the lake Ammersee through **Schondorf**. Follow the Weingartenweg, which leads into Kaagangerstraße. Drive straight at the roundabout over the bridge Windachbrücke into **Eching**. On Zankenhauserstraße continue driving about 2 kilometers until you turn right at the local connection road towards **Eching am Ammersee**. Turn left at the next crossing and cross a small forest. On the field path you turn right and after a sharp left turn you drive towards **Kottgeisering**. In the course of the route you have a wonderful view over the **nature reserve Ampermoos**, which was formed after the end of the last ice age about 15,000 years ago. When you follow the Schulstraße, you will find a 150 years old mulberry tree on your right side at the cemetery, which is considered to be a natural monument.

Follow Schulstraße and turn right at the cemetery onto Ammerseestraße. Keep to the right and follow Grafrather Straße. Cross under the B471 before the roundabout and follow St-Ulrich-Weg. This road leads to Schulweg. Follow it about 500 meters before turning right onto Hauptstraße. Turn left shortly before the river Amper onto Brucker Straße. After the underpass of the B471, you take a short turn to the left through the Schöngeisinger Forst in the countryside to **Schöngeising**. Here you turn right into Bahnhofstraße, which becomes Amperstraße and follow it. Afterwards you turn right to Enterbruck. Now you will cross over the river Amper twice in the same direction and then turn left into Holzhausener Straße.

After 700 meters, turn left into Zellhofstraße, which accompanies you for a nice stretch through fields and meadows. Cross the train tracks and the river Amper at Engelsbergweg. Keep to the right in direction of the monastery church until the monastery area. The cultural heart of Fürstenfeldbruck beats in the former Fürstenfeld monastery area with its magnificent baroque church. Likewise, the extensive grounds are home to two restaurants with cozy beer gardens, a museum, an art house and the Fürstenfeld event forum. Follow the Henrik-Moor-Weg. After a small park, turn right onto Bullachstraße. Cross the river Amper and you have the possibility to get into the city center of **Fürstenfeldbruck** to get to know the idyllic city better.

www.ammer-amper-radweg.com

Stage: Fürstenfeldbruck – Dachau

To leave the village, turn right into Kirchstraße, passing the cemetery and follow Weiherstraße in the direction of Emmeringer Hölzl. Past the soccer field, there is a short ascent, before you turn right into Hauptstraße in **Emmering**. Follow the road before you turn right into Dachauer Straße. At the end of the village, turn right into Estinger Weg. Passing an orchard, you now roll on into the district sharing the same name. There you first continue onto Stephansweg past the church and then turn left onto Römerstraße. In **Esting** you follow the Schloßstraße to the right and after 400 meters turn right along the cycle path until you reach Toni-März-Straße in **Olching**. At Neu-Estinger Straße you stay on the left side of the Mühlbach and cross under the railroad tracks to cycle 900 meters along the river bank. After turning right, a short time later turn left into Donaustraße.

Drive along the water past the golf course, turn right into Schulstraße and take the third exit into Gröbenzeller Straße at the following roundabout. Keep left to turn into Marienweg and pass under the A8. Turn left into Josef-Kistler-Weg and turn right before the sewage plant. You will now cross Graßlfinger Straße in Gröbenzell and the B471. Our way leads us further into the community area of **Bergkirchen**. Here you reach Eschenrieder Straße, drive a short distance to the right, before turning left at Am Kalterbach. Pass the Naturfreundehaus in **Günding** and continue along the river Amper towards Dachau. Cross the Amper onto Heinrich-Nicolaus-Straße and follow the cycle path further along the riverbank. Cross over Mühlkanal and reach Brunngartenstraße.

After a short time, Brunngartenstraße leads into „am Karlsberg“. Here you are at the foot of Dachau's old town. Follow the mountain of Karlsberg to the left to reach the center of **Dachau**. With its 1,200 years of eventful history the former artists' colony and today's place of learning and remembrance offers a variety of sights. Among them are the **Dachau Concentration Camp Memorial** (Pater-Roth-Straße 2A), the Dachau **Picture Gallery** (Konrad-Adenauer-Straße 3) and the former **Wittelsbach summer residence Dachau Castle** (Schloßstrasse 7) with a unique view of the nearby state capital Munich as well as the Alpine panorama. You don't miss out on culture and history here.

Turn right at the Karlsberg and cross over the river Amper, to continue the Ammer-Amper cycle path.

Turn left into Schleißheimer Straße and after about 300 meters again left into Grubenstraße. Continue driving along the railroad track towards the riverbank and turn right into Amperweg.

www.ammer-amper-radweg.com

Stage: Dachau – Moosburg an der Isar

The path now continues towards **Hebertshausen**. Drive the upcoming 3 kilometers along the beautiful promenade of the river Amper, until turning right just before the Alte Römerstraße to cross the Amper shortly after. Continue onto Neufeldstraße, at the end of which you turn left to join the cycle path along the banks of the Amper. Change the riverbank after 1.5 kilometers and follow it until Haimhauser Straße, until shortly after turning right into Grießlstraße (Ampermoching). Turn left onto Alternstraße at the next possibility and at its end, you continue to the right on a small path that leads you through nature.

Continue now towards **Haimhausen**. After 1 kilometer keep left and after another 800 meters turn left. After 200 meters turn right and follow the small river Lotzbach, which leads you on the edge of the Saumwiesen on the way to the Haiglweiher. This leads into Amperpettenbacher Straße (Haimhausen), which you leave to the left before the riverbank and turn left again directly

Drive through the idyllic Moos landscape towards **Fahrenzhausen**. On St.-Christophorus-Straße cross the main road and follow the Moosstraße until you turn right at Lindenstraße. Keep to the left and turn after about 300 meters. After a short stretch through the **moss landscape**, turn right to cycle along the water again. Following the cycle path you will cross the canal twice to cross the highway over a bridge the third time. Drive through Hagenau and follow Untere Dorfstraße to **Kranzberg**. You will pass the recreation area Kranzberger See. Shortly after entering the village, turn left into Ringstraße and leave it to follow Flurstraße. After 1.7 kilometers and crossing the canal, turn right. Continue on Jobsterstraße to **Allershhausen**. After a short stretch on Von-Sickenhauser-Straße turn left and cross Freisinger Straße to turn right into Schulstraße after the bridge over the Glonn. Before that, it is worthwhile to stop at the Glonnterrassen. Continue along Kirchstraße. It is also recommended to visit the St. Josephs church.

Cross the river Amper over a wooden bridge and drive past the sports field. The bike path lets you turn left shortly after and you drive in the direction of **Tünzhausen**. Follow the Amperstraße for about 1.2 kilometers and then turn left. After leaving the small village Schnotting behind you, keep to the right towards Burghausen. Follow the Kirchbergstraße and cycle further through the moss landscape. Turn left in Unterberg and drive along the edge of the forest towards Haindling. Continue straight on Gartener Straße, pass Freisinger Straße and then continue on Erlauer Straße, which you leave after a short while turning left into Amperweg. Underpass the B301 at Zolling after driving 4 kilometers through the **moss meadows** and continue along the wildly romantic **banks of the river Amper**. Drive through Oftling in the direction of **Langenbach**.

Auf der Gartener Straße fahren Sie weiter geradeaus, passieren die Freisinger Straße und dann weiter auf der Erlauer Straße, welche Sie nach kurzer Zeit verlassen **und** nach links in den Amperweg einbiegen..

At Langenbach, follow Oftlinger Straße until you reach Inkofener Straße. Turn left here and cross the railroad tracks after 500 meters. Immediately after that, turn right. After a nice stretch through the Hagenau forest area, you will encounter natural loops of the river Amper. Keep right before the bridge to **Inkofen** and after another 100 meters turn right again. In Inkofen it is worth taking a detour up to the Filiationkirche St. Michael with a beautiful view of the Amper valley. Continue along the cycle path until you reach **Thonstetten**. Pass the church on the right side, follow the parallel path that accompanies the B11 and turn right before crossing the river.

www.ammer-amper-radweg.com

Drive along the Amper overpass canal for the next 2.2 kilometers until you cross over it and reach Fischerstraße. After passing under the B11, you have a great variety of choices to get into the city center of **Moosburg**. Besides Moosburg's landmark, the St. Kastulus Münster, the town offers charming alleys and historic town houses, a three-story town hall, which was built in a neo-Gothic style, beautiful stores and numerous places to stop for refreshments.
